MAIL STOP PATENT APPLICATION
COMMISSIONER FOR PATENTS
PO Box 1450
Alexandria, VA 22313-1450

Dear Sirs:

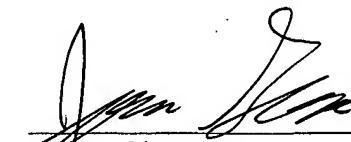

In order to comply with 37 C.F.R. 1.197 and 1.98, attached hereto is a copy of form PTO-1449 for the above-referenced Patent Application.

Applicant respectfully requests the Examiner's consideration of the cited references and their entry into the record of this application and that they be cited of record in the prosecution history of the present Application by initialing Form PTO-1449 next to each reference. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present Application.

The present Information Disclosure Statement is being submitted in compliance with 37 C.F.R. 1.97, but the citation of such document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search. It is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 C.F.R. 1.104(a) and 1.106(b) and, in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

Date: April 19, 2004

Respectfully submitted,

Jerome Glasser
